**migration governance and human rights  
contemporary  
december 21st, 2019 - a rights based  
approach to migration is placement of  
universal human rights norms defined by  
the relevant international instruments as  
central premises of national migration  
legislation policy and practice founded on  
the rule of law application of these norms is  
of course conditioned by historical  
economic social and cultural factors'**

*'unlocking protracted displacement an iraqi  
case study*

*december 18th, 2019 - unlocking this  
protracted crisis of displacement requires  
analysis of the perceptions of solutions  
durable and not so durable among all  
stakeholders this article focuses on the local  
level perceptions of practitioners policy  
makers and iraqi refugees in lebanon syria  
and jordan'*

~~**'A Heated Debate Theoretical Perspectives  
of Sexual**~~

~~February 6th, 2017 The theoretical and often  
political framework of sexual exploitation and  
sex work among women is widely and  
enthusiastically debated among academic and  
legal scholars alike The majority of theoretical  
literature in this area focuses on the macro  
perspective while the micro-level perspective  
as to theory and causation remains  
sparse"~~
